Re: Addendum to Heart Partners of Indiana, LLC Application For Material License

Dear Deborah Hersey:

We sent by certified mail our Application for Material License last Tuesday, September 7th, and determined today that our application was delivered to the above address this morning, September 9th.

Accompanying this cover letter is a three page addendum to our application adding an additional location of use to the same.

Based on my discussion with Mr. Jim Mullauer this afternoon, he recommended I fax this addendum to you so that you could locate our application you received today and match this addendum with the same.

Also based on my discussion with Mr. Mullauer, he informed me I should request an expedited review of our application since we need our license prior to providing care to our patients which will commence November 1, 2004.

I just left you a telephone message to inquire if this letter and the following three page addendum would be sufficient information to accomplish our request. If we need to submit any additional information or documentation, please contact me at the number indicated below. Thank you for your assistance with our request.

Very truly yours,

Dear Sir or Madam:

Indiana Heart Associates P.C. would like to amend its NRC Byproduct Materials License, Number 13-24834-01, to delete an Address of Use. The Address of Use to be deleted is 1210 B Medical Arts Boulevard, Suite 114, Anderson, Indiana, 46011. Concurrent with our amendment request, Heart Partners of Indiana has filed an application for a Byproduct Materials License, with 1210 B Medical Arts Boulevard, Suite 114, Anderson, Indiana, 46011 requested as their address of use. We request that the licensing actions of the address of use being deleted from our license and it being listed as the address of use on the Heart Partners of Indiana Byproduct Materials License be completed simultaneously.

All equipment necessary to maintain the radiation safety program at the Anderson, Indiana address of use will be provided. This includes the GM survey meter, dose calibrator, sodium iodide well counter, and shielding materials. All records pertaining to licensed actions at the Anderson, Indiana address will be retained by Indiana Heart Associates, P.C. Copies of pertinent equipment history will be provided to Heart Partners of Indiana. Radiation dosimetry records will remain in the possession of the Indiana Heart Associates, P.C.

Indiana Heart Associates, P.C. will continue to operate the Anderson, Indiana address of use until the approval of the Heart Partners of Indiana license application.

In addition, we would like to remove Vincent M. Boumiquie, M.D., Preetham Jetty, M.D., and Chao-wen Wang Lee, M.D. as Authorized Users.

If there are any questions concerning this license amendment, please contact our nuclear medicine consultant, Mr. Patrick Byrne, M.Eng. at 877-347-6831.

Sincerely,

Kathleen Wilkinson

Re: Heart Partners of Indiana, LLC Application For Material License

Dear Deborah Hersey:

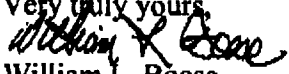

We sent by certified mail our Application for Material License on September 7th and determined it was delivered to the above address on September 9th. On September 17th we faxed to your attention an addendum to and a request for an expedited review of our application based on a discussion I had with Mr. Jim Mullauer on that date.

To my knowledge, we have not yet been notified of the document control number assigned to our application. I called and left a message for you this afternoon requesting the document control number, if it has been determined, for purposes of faxing this letter and attachment.

Accompanying this letter is a copy of a letter we received today from your licensee, Indiana Heart Associates P.C. In this letter, Indiana Heart Associates P.C. is requesting their license be amended, in part, to delete an address of use. The address of use they wish to delete from their license is an address of use which we had requested in our application.

We wanted to inform you of this letter and request it be matched with our application recognizing that it may facilitate the NRC's expedited review of the same by November 1st.

If you or the reviewer to whom our application was assigned have any questions, please contact me at the number indicated below. You may also contact Mr. Edward E. Wroblewski, M.A., DABSNM at 765-967-0365, as he is the person indicated as our contact person in our application. Thank you for all of your assistance.

Very truly yours,

Re: Heart Partners of Indiana, LLC Application For Material License

Dear Mr. Mullhauer:

In reference to our phone conversations last week, I understand Indiana Heart Associates, P.C. has faxed the attached letter to you requesting their requested amendments to their NRC license be effective November 1, 2004. One of their requested amendments is deletion of their 1210 B Medical Arts Boulevard, Suite 114, Anderson, IN 46011 address of use. This same address of use is one requested in our NRC license application. This November 1, 2004 effective date is agreeable to us since that will be the date we legally take control of that address.

If our license could now be issued this week indicating an effective date of November 1, 2004, we will be most appreciative.

If you have any questions or need any additional information, please contact me at the number indicated below. You may also contact Mr. Edward E. Wroblewski, M.A., DABSNM at 765-967-0365, as he is the person indicated as our contact person in our application. Thank you for all of your assistance.
